From January to October 2017, the Protection sector conducted 5.7M interventions in 1,730 communities in 227 out of 272 sub-districts in Syria through one or more of its prevention/risk mitigation, response or capacity building activities. These protection interventions include awareness raising, risk education, individual and group psychosocial support, protection monitoring, case management, referrals to other services, material/cash assistance, capacity building of humanitarian partners and frontline responders and others. Many of the interventions are done through community centres, schools, child friendly/ women safe spaces or using outreach volunteers.
