GPC Events

Key Task Team and Working Group Updates:

Task Team on Cash for Protection (TTC4P)

The TTC4P is hosting two events in May in Rome:

- Cash and Voucher Assistance & Child Protection Training and ToT
- Global Cash and Protection Workshop.

The CVA and CP Training and ToT was developed by Save the Children and Plan International, under the Alliance for Child Protection for Humanitarian Action, with the support of SIDA. The training will target Child Protection, Cash and Voucher Assistance and MEAL colleagues working in global advisory roles supporting humanitarian contexts, as well as donors. This is one in a series of trainings taking place in each region. The training has been designed to empower both CVA and CP practitioners to implement integrated CVA & CP programming. The Cash and Protection Workshop aims to share existing policies and practices, and promote a joint understanding of on what cash for protection entails, minimum requirements and key approaches to promote globally.
