**Key GPC Operations Cell Updates:**

The [Global Information & Analysis Training](#) was held from 18 - 20 July in Nairobi, Kenya, bringing together 31 Information Management colleagues from 19 operations to explore the latest IM techniques and tools, enhancing their capacities to handle and use data more efficiently. Sessions included exchanging practices to better identify protection risks and resulting protection needs.

### **Key Task Team and Working Group Updates:**

#### Cash for Protection Task Team (C4P TT)

- The C4P TT conducted a Cash and Protection Workshop in Rome with key stakeholders with the primary objective to bring together practitioners across different organizations and agencies working in cash and protection to share existing policies and practices, promote a joint understanding of what cash for protection entails, and outline minimum requirements and key approaches to promote globally and integrate into program design.

- Please see the recently published [Monthly Factsheet of the Cash for Protection Taskforce for the Ukraine Response #18 - 1st June 2023](#).
