STRENGTHENING HUMAN RIGHTS AND LEGAL ANALYSIS

7 March 2024

Objectives

- Better ground protection analysis in human rights and legal frameworks
- Contribute to improved HNO/HRPs, PAUs and other key documents
- Enhanced advocacy at country, regional and global levels
- Introduction of the <u>Protection Risk and</u> Human Rights Matrix

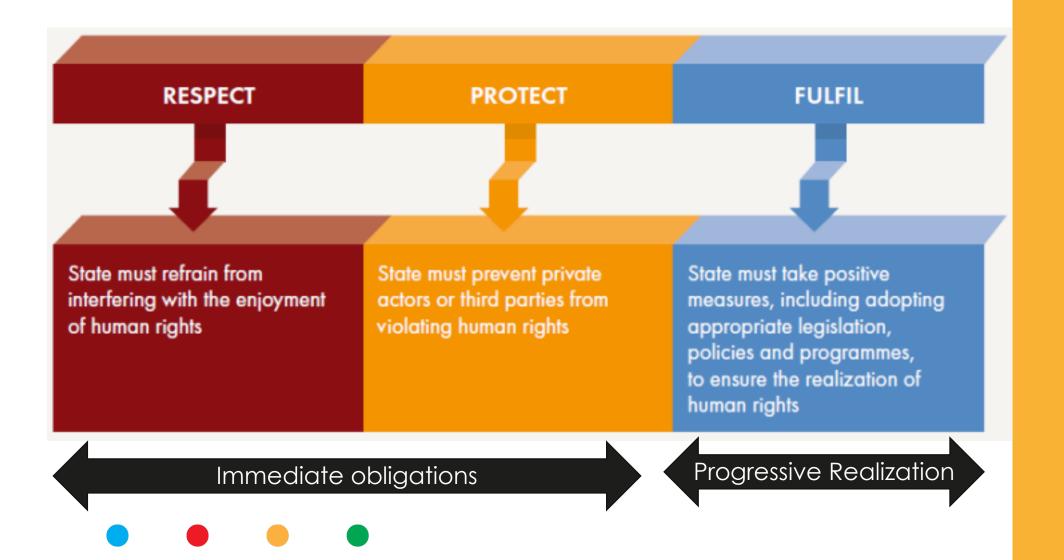

What are Human Rights?

- Universal <u>legal</u> guarantees protecting <u>individuals and groups</u> against <u>actions</u> and <u>omissions</u> that interfere with fundamental freedoms, entitlements and human dignity.
- Human rights are universal, inalienable, interrelated, interdependent and indivisible.

Scope of State Human Rights Obligations

Rights-based Protection Analysis

- Analyse protection risks through the normative frameworks (IHRL and IHL).
- Identify direct and indirect violations and abuses of human rights related to the protection risks.
- Examine the human rights standards and principles relevant to the protection risk using the legal instruments.
- Consider instruments and standards relating to protection of specific groups.

Analyse the
BEHAVIOR or
CHARACTER of
perpetrators,
institutions, or
structures
responsible for the
violation

RIGHTS-BASED PROTECTION ANALYSIS

Analyse IDENTITY,
SITUATION, CHOICES
or ACTIONS of the
victims

Threat x Vulnerability

ISK = -----

Commitment x Capacity

Analyse the **WILL** of the State and other actors to address or stop a violation

Analyse the **STRATEGIES** and **ASSETS** of duty bearers to address the problem and the strategies of rights holders in their possession to reduce the threats and vulnerabilities

Rights-based Protection Analysis

- 1. Relevant legislation or policies (including gaps).
- Measures taken by the State to ensure protection of individuals/groups from threats, and everyone seek, impart, and receive information on protection issues.
- 3. Whether protection and support services are available, acceptable, of good quality, physically and economically accessible to all without discrimination.
- 4. Which persons or groups in vulnerable situations or at risk and those who do not have access.
- 5. Any available remedies, appropriate specific arrangements or procedures to protect specific groups.

Forced Recruitment and Association of Children in Armed Forces and Armed Groups (Mozambique PAU)

Good practice

- Maps responsible non-state actors
- Gaps of understanding of recruitment
- State legalization and support of non-state actors
- Lack of age verification processes
- Reference to CAAC reporting
- Victimization and rejection, detention, harassment
- Recommendations: handover and age verification protocol, prevention plan, stop prosecution and roll out of support services.

Discrimination & stigmatization, denial of resources, opportunities, services &/or humanitarian access (South Sudan PAU Oct. 2023)

Good practice

- Constitutional guarantees of rights of people with disabilities
- Signature of UNCRPD in Feb 2023. National disability and inclusion policy. Disability action plan
- African Union Policy Framework and the Plan of Action on Ageing
- Gaps in national disability and inclusion policy
- Stigma and discrimination, lack of mobility aid
- Challenges in accessing justice and addressing Housing, Land, and Property issues.

Key Messages

- We SHARE a common ground. Humanitarian work is also human rights work.
- Human rights law is the critical normative guide for protection. The law on its own does not offer immediate operational solutions; it suggests approaches.
- Human rights open the door to partnerships and collaborative advocacy.
