### Risks to life, safety and security due to hostilities and civil strife

- **Objective 1**: To strengthen protection for people of concern, including prevention and mitigation of risks’ violations.

- **Risks to life, safety and security due to hostilities and civil strife**:
  - Increased awareness about the risks of mines and UXOs among children and adults.
  - Decrease the number of civilian casualties from mine-associated risks.

- **Advocacy Goal**: To strengthen protection for people of concern, including prevention and mitigation of risks’ violations.

- **Advocacy Messages**:
  - Increased awareness among civilians about mine-related risks.
  - Humanitarian mine action authorities have access to NGCA.
  - Mine action legislation is adopted and implemented in line with IHL standards and guidelines.

- **Expected Result**: Increased awareness among civilians about mine-related risks.

- **Advocacy Action Points**:
  - Associate with the ATO Coordination staff and other stakeholders to introduce changes into the Temporary Order regulating the movement across the contact line and administrative boundary line.
  - Conduct monitoring of checkpoints and administrative boundary line with Crimea to ensure that the practice of border guards is in line with existing regulations.
  - Raise awareness of the affected population and IDPs about current regulations and complaints mechanisms.

### Risks to life, safety and security due to UXO and mine contamination

- **Objective 1**: To strengthen protection for people of concern, including prevention and mitigation of risks’ violations.

- **Risks to life, safety and security due to UXO and mine contamination**: Increased awareness about the risks of mines and UXOs among children and adults.

- **Objective 2**: To strengthen protection for people of concern, including prevention and mitigation of risks’ violations.

- **Risks to life, safety and security due to UXO and mine contamination**: Increased awareness about the risks of mines and UXOs among children and adults.

### Freedom of movement

- **Objective 1**: To strengthen protection for people of concern, including prevention and mitigation of risks’ violations.

- **Risks to life, safety and security due to UXO and mine contamination**: Increased awareness about the risks of mines and UXOs among children and adults.

- **Risks to life, safety and security due to UXO and mine contamination**: Increased awareness about the risks of mines and UXOs among children and adults.

### Access to Documentation

- **Objective 2**: To strengthen protection for people of concern, including prevention and mitigation of risks’ violations.
