

## GPC GLOBAL PROTECTION FORUM 2020 CONCEPT NOTE FOR VIRTUAL EVENTS

1<sup>ST</sup> TECHNICAL WEBINAR ON 2021 HPC PLANNING

8 & 9 July 2020

### Rational/purpose

*Main purpose of the webinar is to guide the planning of 2021 HPC process, with a specific focus on preparations of the HNOs, and foster joint discussion among global and field protection cluster and AoRs colleagues, to ensure an effective and harmonized planning cycle and clarify support available from the global team. This will be complemented by a 2<sup>nd</sup> Technical Webinar in September 2020 focused on HRPs.*

### Expected Outcome

*Field protection clusters and AORs:*

- *Have a common understanding of key roles and responsibilities for HPC 2021 cycle.*
- *Are aware of main elements and proposed approach for inter-sectoral and sectoral analysis to inform HNOs.*
- *Share best practices and challenges and provide feedback to inform finalization of global guidance and tools for HPC.*
- *Are aware of support and resources that will be available from global team for 2021 HPC process.*

### Format

- *Language: English (possibility of asking questions / interventions in other languages)*
- *Time zones and connection details per region:*
  - **8<sup>th</sup> July, 1500-1730 (Geneva time): West and Central Africa, Southern Africa, Americas**  
[Link to Microsoft Teams Meeting](#)
  - **9<sup>th</sup> July, 0930-1200 (Geneva time): MENA, Asia, Europe, East and Horn of Africa**  
[Link to Microsoft Teams Meeting](#)

*You can connect using the corresponding links for your region via internet browser from any computer or laptop, or directly using the Teams App. If you are planning to connect via mobile, you will need to install the app beforehand in case not already done (download [here](#)).*

## Content

- *Welcome & Introductions from Global Coordinators: key messages for ensuring an effective, simplified and harmonized approach for HPC 2021 (20 min)*
- *HPC Step-by-Step process: presentation and feedback on key elements and recommendations for ensuring integration of centrality of protection and inclusion lens in HNOs and HRPs (25 min)*
- *Q&A (30 min)*
- *Break (10 min)*
- *HNO: presentation and feedback on actual and planned changes in guidance for enhanced inter-sectoral and sectoral severity analysis and PIN calculations (25 min)*
- *Q&A (30 min)*
- *Wrap-up: finalizing of global guidance, tools and joint support from GPC including AORs (10 min)*

## Speakers/Moderator

- *Speakers / Presenters: Global Coordinators (Introduction) and Global IM/Analysis colleagues (specific sessions)*

## Target Audience

- *National Coordinators, Co-coordinators and IMOs from all field protection clusters and AoRs engaging in 2021 HPC.*

## Background Reading

- [GPC Key Messages on Revised HPC Templates for 2020](#) (Updated version for HPC 2021 Templates to be shared in mid-July)
- *Further material to be shared after the webinar*
