This represents only MA requirements in HRP estimated by UN and NGOs where we have MA AoR activated. Figures received from MA AoR Coordinators as of 30 September 2023 and rounded-up to the first decimal. Data for the Combined Contamination does not include the following six countries: CAR, Colombia, Myanmar, Nigeria, Palestine, and Syria.

UNMAS has a PKO/SPM budget that contributes to the MA response which is not reflected in the HRP.
