

Protection Cluster Meeting Minutes
23 December 2020
Minutes

Participating Organizations: FAMOD, Translators Without Borders, UNFPA, GenCap, UNHCR, UNICEF, IOM, Help Age, World Food Programme

Co-hosts: GBV AoR, CP AoR and Disability WG

Agenda Point	Discussions	Action points
<p>1. Introduction by National Protection Cluster Coordinator</p>	<p><u>National Protection Cluster Coordinator introduced:</u></p> <ul style="list-style-type: none"> ▪ Hugo Reichenberger – reichenb@unhcr.org – WhatsApp: +436767382227 	
<p>2. Update by Cabo Delgado Protection Cluster Coordinator</p>	<ul style="list-style-type: none"> • Resettlement of IDPs to permanent sites: The authorities continue to move some families to some sites – mostly to Anjua B. • New Sites proposed by the Government: a joint multi-sectorial assessment was done during the week before the movement of some 300 families to Naminaue (Metuge). On the same day there was an assessment to a larger site, also in Metuge. In this site, there were concerns that will be assessed and reported accordingly. • New sites have minimum standards: However, families continue to be moved into sites that do not contain minimum standards in terms of protection services (access to water, sanitation and food distribution, accessibility issues, family separation etc...). This has led to some tensions between host and IDPs in Ingalane site (Metuge), Ancuabe and Montepuez. • Protection Cluster has also received reports of families that have returned and/or left the sites into which they were relocated – such as Anjua B – it is unknown to where the families went but it is possible that they have returned to Pemba. This is also an indication that the humanitarian community should start supporting urban IDPs. 	

	<ul style="list-style-type: none"> • Mission to Negumano: A multi-sectoral mission traveled to Negumano to assess and support the families that had been <i>refouled</i> from Tanzania. We have learnt from the IDPs that there has been a systematic process to identify, detain and return asylum seekers from Tanzania. The majority of the families that were interviewed by the Protection Cluster were from Mocimboa da Praia. They reported being in at least two centers in Tanzania. Issues of ill treatment, lack of food and water while detained. We are working on the report to release very soon. • Rainy season: the rainy season has started and therefore the Protection Cluster is starting to look closely at this. 	
<p>3. Child Protection AoR Updates</p>	<ul style="list-style-type: none"> ▪ Case management: Yesterday we had our second Case Management task team meeting, where we discussed capacity building plan for the actors, case prioritization, referral services and SOP linking to the government protocols. ▪ Joint Missions: CP participated last week to a weeklong joint mission, led by OCHA to evaluate the need of IDPs in hard to reach areas. CP participated in a UNICEF lead Joint mission in Palma, where we were able to speak to the few remaining government officials and some IDPs – the situation there is generally alarming with some graves violations of child rights reported, IDPs are still waiting for distribution of food and NFI, though most of the supplies are now reviewed. ▪ The government have received and signed of the newly protocol to reopen the Child Friendly spaces – partners are advised to open/re-open following these protocol. 	<ul style="list-style-type: none"> ▪
<p>4. GBV AoR Updates</p>	<ul style="list-style-type: none"> ▪ Cabo Delgado: GBV Coordination Meeting happened yesterday with the purpose to reupdate the GBV Service Mapping in the resettlement sites. Therefore, GBV AoR is planning to organize a thematic meeting to update the referral pathways. In January, we will do a Referral Pathway workshop. Key actors will be elaborating their key referral pathway per site. We also discussed the inclusion of Linha Verde to have it in this workshop to understand better what could be their role in GBV. Today, there will be a training on data training. In January, we will present the final report, a GBV Rapid Assessment that we will be doing. 	

	<ul style="list-style-type: none"> ▪ Women Friendly Spaces: four permanent WFS were completed. One in Galane, one in Tokota, one in Maruba, one in Chiure. By FDC (UNFPA's implementing partner). If you are interested in knowing where they are, we can identify them for you. 	
5. WG for PWD updates	<ul style="list-style-type: none"> ▪ Last week: the Disability WG, AIFO and UNICEF initiated a project in Cabo Delgado worked on the kick off of this project. In brief: the aim is to strengthen the inclusion approach of protection actors in Cabo Delgado. This also sets up the basis for setting up a Disability Working Group in Cabo Delgado. Part of this process will be building the capacity of FAMOD. There is a representation of FAMOD in Cabo Delgado. FAMOD is present in different districts in Cabo Delgado. Including in Resettlement sites, therefore there will be a strengthening of FAMOD in Cabo Delgado. Next month, a new mission will go to Cabo Delgado to proceed to strengthening FAMOD there. 	<ul style="list-style-type: none"> ▪
6. Update on Kampala Convention and Key Messages on Relocation	<ul style="list-style-type: none"> • Presentation attached to these minutes. • For any questions, please contact: Hugo Reichenberger, reichenb@unhcr.org 	<ul style="list-style-type: none"> ▪ Review of the Relocation Key Messages.
7. Presentation of Importance of 5W	<ul style="list-style-type: none"> • Presentation attached to these minutes. • For any questions, please contact: Michael Pearson, mpearson@unicef.org 	
8. Presentation by Linha Verde	<ul style="list-style-type: none"> • Presentation attached to these minutes. • For any questions, please contact: Elda DEAVELAR elda.deavelar@wfp.org 	
9. Presentation by Translators Without Borders	<ul style="list-style-type: none"> • Presentation attached to these minutes. • For any questions, please contact: Alice Castillejo lanoi@translatorswithoutborders.org 	
10. AOB	<ul style="list-style-type: none"> • Key Messages on Relocation: seeing the challenging protection situation with relocations in Cabo Delgado, the Protection Cluster has initiated a Key Messages – which will be further discussed in the coming week.
