Purpose of this factsheet:

This Factsheet is produced on a bi-weekly basis for Protection and Cash and Voucher Assistance (CVA) specialists who are considering, planning for, or already using CVA integrated into protection programming to support protection outcomes for individuals and households inside and outside of Ukraine. Key findings are paired with “hints” wherever possible based on the current state of information and best practice resources on how CVA for Protection can be applied.

This factsheet aims at addressing Cash for Protection broadly and relies on the key information provided by the Task Team members as well as the relevant clusters, AoRs and working groups.

HOT TOPICS AND QUESTIONS OF THE MOMENT

- How to address the needs of most vulnerable households during winter?
- Should the CVA assistance still be limited to three months?
- Closure of community centres - how to ensure a protective shelter and environment for families?
- How can agencies best support foster families with CVA?
- What would be the implications of setting more restrictive selection criteria for cash assistance?
- How to estimate the value of protection top-ups in CVA calculations?
- How to mitigate existing/future protection risks associated to lack of available and affordable shelter options?
- How to set up referral mechanisms between CVA and Protection teams that are safe from a data protection perspective?
- What type of information on children should and should not be collected at registration stage, considering data protection risks? (Ex: birth certificates)
- Are the amount made available to Ukrainian refugees as part of national protection schemes sufficient to meet their basic and protection needs?

- **CASH INTERVENTIONS (MOLDOVA)**
Key updates relevant to CVA & protection in Ukraine

**CVA**
The Cash Working Group, through a dedicated task team and in consultation with the Government of Ukraine, donors and the World Bank, has been developing a new model to refine the current targeting strategy, which will include socio-economic/poverty factors, conflict and displacement sensitivity and individual vulnerability criteria. **Work has been initiated to revisit the transfer value**, in order to better reflect humanitarian needs (and notably winterization needs).

**OCHA Ukraine Situation report** ([link](#))
As of 20 July, nearly 2.28 million people have received cash assistance across the country worth $477 million, reaching 100 per cent of the initial target and demonstrating an 18 per cent increase since a month ago.

**UNHCR - Multi-purpose cash assistance factsheet - 27July 2022** ([link](#))
Findings from PDM on 417 CVA recipients:
- 98% reported improved living conditions as a results of CVA
- 86% reported that CVA allowed them to cover all or most priority needs
- The top expenditures included food (83% of respondents), rent (52%), hygiene items (47%) and health costs (40%)

**WFP – Emergency dashboard** – July 2022 ([link](#))
- 2.7M assisted - US$ 66.6 m cash transfers disbursed

**Protection in general**
5W Operational Presence Map, As of 28 July 2022 ([link](#))

**OCHA – Situation report** – 27/07/2022 ([link](#))
**Protection Needs**: Some 15.7 million people are in need of protection assistance and services in Ukraine. The trend of people returning to the places of their habitual residence continues; however, it is reported to be instigated by the lack of economic alternatives and issues in accessing shelter.

**Protection Gaps**: The provision of assistive devices for people with disabilities and older people remains a substantial gap, as many people who have been internally displaced from affected areas had to leave behind their devices and could not afford to buy them in the host communities. The need for Mine Victim assistance is high as larger areas are now contaminated with mines and explosive ordnances, and internally displaced people return to areas of origin previously heavily affected by hostilities.

**Legal Aid Working Group ToR were developed** ([link](#)) under the Protection Cluster in response to the growing need for legal information and legal aid among displaced and conflict-affected beneficiaries. 21/07/2022

**Gender-based Violence (GBV)**
Updates from Regional subworking group on GBV - meeting minutes -19/07/2022 ([link](#))
Mapping exercice from IMC ongoing.
Preliminary findings from Refugees International mission in Romania and Moldova, report in the making. Recommendations: direct cash assistance, access to healthcare (including MH and reproductive health care), systematic registration, more needs assessments and information campaigns for those in private accommodation, scaling up of PSEA training, “Know Your Rights“ trainings for refugees.

Child Protection (CP)

Updates from Child Protection Sub-cluster Meeting – meeting minutes - 22/07/2022 (link) with a Reminder to fill the 4Ws (link)
The Child Protection sub-cluster established area-based coordination in Dnipro and conducted its first meeting with the support of the Oblast Centre for Social Services and Children's Affairs

La Strada Ukraine: We have a lot of calls and people are asking us to help with to get humanitarian aid like food, food packages or hygiene packages. But (...) these are civilians, they are not IDPs, so they’re not entitled to aid.

New assessments and useful guidance - all previous assessments listed on the factsheets are available on the GPC website (link)

REACH – Arrival and Transit Monitoring – Round 2- July 2022 (link)
Between 20 June and 1st July 2022; 2,304 Heads of households (HH) interviewed while arriving and transiting through 7 key IDP transit hubs across Ukraine.

Top 3 reported reasons for leaving area of origin were: Shelling in/near my settlement (44%), Active conflict in my settlement (39%), Worried conflict escalation in the next days (25%). 71% of total assessed HHs reported that at least one member of the HH had a vulnerability, including: 40% with Children 6-17y.o, 17% with children 0-5 y.o, 27% with elderly 65+, and 11% with PwDs

IOM Ukraine internal displacement report: Area baseline report - Round 8, 29 July 2022 (link)
IOM - Ukraine internal displacement report: Area baseline report - Round 7, 8 - July 2022 (link)

REACH – Ukraine: Humanitarian Situation Monitoring Focus on AAP and Information Needs - (May 30th –June 11th 2022) - 19/07/2022 (link) As well as the briefing note (link) (213 Key Informant Interviews)
- Most commonly reported priority needs across all assessed settlements were: Car fuel 99%, Baby food 44%, Financial resources 41%, Medicine 38%
- Most commonly reported population groups that were ‘less able’ or ‘unable’ to meet their everyday needs, by % of assessed settlements
  People with physical disabilities 82%, Older persons 77%, Others 40%, Chronically ill 37%
- Most frequently reported means of obtaining information related to humanitarian assistance used by most people in the settlement
  Social media 98%, Phone communications 91%, Face-to-face communication 88%, Community group discussions 56%

REACH – Winterization 2022/2023, Climatic conditions factsheet – July 2022 (link), showing that Due to significant heating infrastructure damage, preparations for the 2022/2023 winter season may be complicated in Ukraine, especially in areas affected by hostilities or rocket attacks.

Assessment from IDMC using RIWI countrywide online survey with 8,000 surveys (link) (targeting and sampling methodology were not specified so the findings should be considered cautiously): More than 32% of respondents have been displaced // Nearly half of displaced respondents are staying with host families // More than 60% of IDPs surveyed struggled to access basic goods and services // Two Thirds of displaced respondents plan to remain in Ukraine.
IDPs and refugees intentions

Out of 1834 submissions, the most commonly reported reasons why the population cannot leave were:

- Lack of resources to leave: 80
- Do not want to leave family behind: 63
- It is not safe to leave: 57
- Do not know where to go: 40

Out of 1834 submissions, the most commonly reported reasons motivating IDPs to return to the areas of origin were:

- To reunite with family: 315
- Other: 160
- Lack of financial resources: 149
- Lack of access to affordable accommodation: 111

To reunite with family: 80+63+57+40 = 210
Other: 62+32+30+22 = 146
Lack of financial resources: 1.6M
Lack of access to affordable accommodation: 1.5M

13% of IDP respondents indicated that they intended to integrate locally in their current area, and 68% of IDPs planned to return.

Internally displaced persons, returnees and actively considering leaving

Internally displaced persons, returnees and actively considering leaving were:

- Est. IDPs in Ukraine: 6,6M
- Est. returnees in Ukraine: 5,5M

Actively consider leaving their place of habitual residence due to war (non-displaced population only)

Key figures for Cash & Protection in Ukraine

1. Protection monitoring highlights dashboard, Protection cluster (link)
### Reported needs and top needs

Most commonly reported pressing needs by IDPs and non-displaced Ukrainians (top three)

<table>
<thead>
<tr>
<th>IDPs</th>
<th>Non IDPs</th>
<th>Returnees</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash - Financial support</td>
<td>78%</td>
<td>66%</td>
</tr>
<tr>
<td>Clothes, shoes, other NFIs</td>
<td>36%</td>
<td>Medecine and health services</td>
</tr>
<tr>
<td>Food</td>
<td>28%</td>
<td>Food</td>
</tr>
<tr>
<td>Hygiene items</td>
<td>22%</td>
<td>Transportation</td>
</tr>
</tbody>
</table>

When asked to identify their single most pressing need; cash was also the most reported top need by all population categories (71% of IDPs, 66% of Non-IDPs, 67% of returnees. * Menstrual hygiene items were also heavily reported by all population categories (respectively 39%, 36%, 43%)

### IDP personal income and employment

Most commonly reported change in personal ability to earn income since start of the war

<table>
<thead>
<tr>
<th>IDPs</th>
</tr>
</thead>
<tbody>
<tr>
<td>Did not work before, 12%</td>
</tr>
<tr>
<td>More money than before, 3%</td>
</tr>
<tr>
<td>As much as before, 8%</td>
</tr>
<tr>
<td>Less money than before, 29%</td>
</tr>
</tbody>
</table>

44% of IDP respondents reported an income of less than 5000UAH (1500UAH less than the minimum wage in January 2022 (including 9% with no Household income))

The share of those reporting to have no household income in May (Round 5) was 18%, 9% higher than in July (Round 7). This could suggest that some IDPs might have found employment in place of displacement or resumed employment remotely.

### IDP Housing

47% of IDP respondents reported staying in a rented dwelling, while 33% stayed at friend's or family member's home and 8% in their own home.

5,926UAH The mean cost of a monthly apartment/ house rental without utilities for an IDP HH (5,000UAH median)

Key updates relevant to CVA & protection in **Poland**

### Protection

**UNICEF - Ukraine Humanitarian Situation report, 16/07/2022** ([link](#))
**UNHCR - Poland factsheet, 08/07/2022** ([link](#))
**UNHCR - Poland Protection Factsheet, 08/07/2022** ([link](#))

**UNHCR – News release - UN expert praises generosity towards Ukrainian refugees by Poland and urges Belarus and Poland to end pushbacks – 29/07/2022** ([link](#)) - The Special Rapporteur noted that while Ukrainian refugees are generally well-supported, the realities for migrants, asylum seekers and refugees from other countries of origin seemed very different (...) third country nationals are not protected under the same legal framework (...) with “heightened difficulties in obtaining residence permits and proper shelter” González Morales said. An approach that “has led to feelings of being discriminated among third country nationals,” the UN expert said.

### Cash

**CWG: targeting exercise currently being conducted**

- **260,519 refugees enrolled for cash assistance** with 11 enrollment centres ([link](#))

### GBV

**UNHCR – GBV referral pathways for Poland, July 2022** – ([link](#))
**UNHCR - Gender-Based Violence Sub-Working Group Terms of Reference developed - 19/07/2022** ([link](#))
**CWG Coordination New Sharepoint – ([Link](#))

**New assessments and useful guidance:**

**IOM – Needs assessments - DTM – June 2022** ([link](#))

**NRC, Economic Inclusion of Ukrainian Refugees in Poland, 22/07/2022** ([link](#))

- **Participants voiced the need for income**
  - Professional skills varied greatly in all locations with Polish language skills as the most common skill needed to be competitive in the workplace.
  - Areas of needs expressed including understanding of Polish culture and greater connections to community, job market and labour laws in order to obtain employment.
- **Uncertainty about the future and duration of stay inhibits people’s ability to commit to staying in Poland.**
  - Preference of flexible part-time work and generally shorter commitments on job duration which would enable them to also manage childcare and eldercare responsibilities.
  - Generally, people expressed the desire to be in larger cities of Warsaw, Wroclaw, Katowice and Krakow.

Key updates relevant to CVA & protection in Romania

**Protection**
UNHCR – Romania - Ukraine Refugee Situation Update, 20 July 2022 ([link](#))
Funding as of 28/06/2022: USD147.4 million requested for the Romania situation
- 68% Funded, 32% Unfunded.

77,999 refugees currently in Romania, with 48,182 refugees registered for temporary protection;
10,653 refugees enrolled for UNHCR cash assistance. There are currently 11 Blue Dots operating in Romania with UNICEF

On 29 June, the Government of Romania approved the “Emergency Ordinance on the Implementation of the National Plan of Measures for the Protection and Inclusion of Displaced Persons from Ukraine and Beneficiaries of Temporary Protection in Romania” ([link](#))

**CVA**
UNHCR Romania Cash Assistance Factsheet - 20 July 2022 ([link](#))
90% of the refugees enrolled are women and children
US$ 15 Million est. disbursed so far to assist refugees from Ukraine in Romania ) 5 enrollment centres in Brasov, Bucharest, Galati, Iasi and Suceava

**GBV**
Updates from Regional subworking group on GBV meeting minutes ([link](#))
In Romania, UNHCR is working very closely with the Anti-Trafficking Task Force and the platform “Protect’ to establish referral pathways, 5Ws etc. National referral pathways have been prepared by the national anti-trafficking agency ANITP, who have a network of 35 NGOs providing assistance to the victims.

**New assessments and useful guidance**
IOM - Romania: Profiles and Inclusion Survey (25 March – 28 June 2022) ([link](#))
6,029 HH interviews in 3 border crossing points, 5 transit points and 9 counties.
Amongst respondents intending to stay in Romania; the most commonly reported needs were Financial support (59% - including 13% who reported “partially”); followed by general information (55%), and transportation support (50%)
33% of respondents reported not intending to work in Romania (including full time carers, retired persons and those unable to work due to chronic conditions, disabilities, etc.)
Out of the total respondents, 2% were TCNs, mainly from Azerbaijan, Georgia, Russian Federation and Turkmenistan
Women represented 82% of responses.
85% Intend to return to Ukraine when it is safe to do so, 4% Do not intend to return to Ukraine and 11% are unsure
